Bottom	Alu + plastinlæg

Beskrivelse

4 axle, 36 m3 Langendorf tipper trailer with plastic

Viewed 29/4-2024 - BPW axles with drum brakes - liftable 1 and 4 axle and self-tracking 4 axle - Wabco smartboard where you can read axle pressure, operate raising/lowering functions etc. - LED lights and additional work lights mounted on the support legs. Ifbm. have seen the trailer has had new brake shoes installed on all 4 axles and rotated drums - tire level is approx. 90/90 - 70/90 - 80/80 - 70/80 - Tip piston is new - roll cover is new and plastic is in good condition. Driven km is only approx. 191,000

The aluminum box must be welded in some places on the sides where it is cracked and there are a few bent cross members at the bottom.

When tipping up with a load, the trailer goes slightly to one side. Therefore, the trailer must be seen and it is sold ex space without further preparation.
