Beskrivelse

Sollux 760 motor boat

Norwegian quality model pointed holes or augers!

Length 760 cm x width 260 cm x depth passage 70 cm net weight 1,800 kg

Volvo Penta D2-55E diesel with closed cooling system, fresh water cooled otherwise very quiet and economical in consumption - NOTE only 188 operating hours.

Bow thruster which makes it extremely manoeuvrable - Max speed 12 knots.

Has only sailed in fresh water and can be seen and test sailed in the Silkeborg lakes.

Refrigerator - toilet - pantry with sink and gas burner (never been used) - bathing platform - water tank - 3 batteries - Webasto heater - gangway power - anchor well in front and rear - 4 sleeping boards and a single berth. Round seating group in the back - dark blue hood which is in very good condition.

All service and maintenance has been carried out continuously, has always been stored in a heated hall in the winter.

The boat is very well maintained and appears almost as new! Launched 1st time 2013 !

A Brenderup galvanized 2,800 kg registered boat trailer can be purchased.

Key words : Inter - Marex - Nidelv - Fjord - Saga
